 layers of the **Aquaferieion** Shield levels, by activating this configuration, making big pillars that

 down in the **Aquafereion** shield, but not the entire planetary shield, it'll protect Earth,

 coming into the **Aquafereion** shield and then coming in ... a bit of overflow

Page: 88

 Humans and the **Aquafereion**. They are quite pretty compared to us as for as

Page: 91

 these are called **Aquafereion** and that was the place where the Aquafereion, where the

 place where the **Aquafereion**, where the humans were brought from here and the Aquari

 could create the **Aquafereion** hybrid races that were then seeded from Aquafereion back down

 then seeded from **Aquafereion** back down onto Earth to create the Kristiac genetic upgrade

 bodies in the **Aquafereion** shield. When they merge they open up a Slide Aone,

 to allow the **Aquafereion** link to be maintained so it can still hold the

Page: 96

 body and the **Aquafereion** shield we are keeping up with what is now going

Page: 98

 relation to the **Aquafereion** Races and Councils. It is part of our task. It
 said from the **Aquafereion** races. And that is indicative, or if you understood a
 and what the **Aquafereion** are going to do actually entrains, leads to, involves, brings
 field and the **Aquafereion** races will hold the handle on the creation of the

Page: 99

 Krystal Heart of **Aquafereion** and the passages that this relates to was a significance

Page: 103

 Allen Gap. The **Aquafereion** races will handle entirely the clearing of NET 3 at

Page: 111

 lines into the **Aquafereion** Shield. So this is something ... this is something all

Page: 112

 ... in the **Aquafereion** Shield and in our own bodies ... we had to

Page: 113

 did, that the **Aquafereion** Shield (CD 11, Track 2) can go to that

 that carry the **Aquafereion** Codes. We have little versions of the Aquafereion Shield right

 versions of the **Aquafereion** Shield right within our bodies, within our DNA Templates, and

 to as the **Aquaferieion** Shield, so that is what the Aquaferieion Shield looks like
 is what the **Aquaferieion** Shield looks like ... its Geometrical Structure. And this is
 size of the **Aquaferieion** Shield. But we're going to be activating, as we work
 these technologies, the **Aquaferieion** Shield within our own bodies and this is going to

Page: 125

 Temples of the **Aquaferieion**, to run through and actually just create a buffer And
 Levels of the **Aquaferieion** Shield and a lot of help from the Aquaferieions on
 help from the **Aquaferieions** on the AdorA Side ... we've had the power to
 on what the **Aquaferieion** from the AdorA Side, to try to transmute whatever, so

Page: 126

 into the entire **Aquaferieion** Shield. That will allow a greater strength of transmutation potential,

Page: 127

 will also-the **Aquaferieion** Shield-will activate in our Auric Levels as well. In

Page: 138

 far as the **Aquaferieion** Shield people and the people who come in on that

Page: 140

 pull of the **Aquaferieion** Shield, we'll all have enough of a conduit line open

Page: 146

 to hold the **Aquaferieion** Shield, they will be giving us the most advanced chakra

 with this lovely **Aquaferieion** Shield running through it Eventually, when you go into full

 the Seeding-3 **Aquafereion** Races were seeded. They are the Ascension Passages out to

 is called the **Aquafereion** shield which is modeled after the 15 geleziac layers of

 within the larger **Aquafereion** Shield, that everybody that got the urge to go to

 this point, the **Aquafereion** Shield that the Indigo Shield is connected to has a

Page: 36

 I believe the **Aquafereion** Shield has to stay a Y, cycle ahead in activation

 for basically the **Aquafereion** Humans because even the Indigos wouldn't have been activated high

Page: 40

 process. The present **Aquafereion** Earth Shield can now pass on the Gift of AquA"elle-

Page: 53

 of that the **Aquafereion** Shield activations that have been given all the way through

Page: 55

 Knights of the **Aquafereion** Shield. We haven't failed so far to have a real

Page: 60

 activating in the **Aquafereion** Shield and in the Aquari Shield here, but activating in

Page: 62

 it means the **Aquafereion** Shield and as many as the Angelic Human Shield as

Page: 63

 fact that the **Aquafereion** Shield is here. And that you guys and the other

Page: 65

 Team. Because the **Aquafereion** and all the other Krystic Races going up the stack,

Page: 70

 be helping the **Aquafereion** races of Urtha to keep this place, where it is

Page: 72

 we've got the **Aquafereion** Shield. That's us. The little guys back in the universe

Page: 75

 And that's the **Aquafereion** Indigo Shield and any Angelic Humans who want to join

Page: 81

 Earth through the **Aquafereion** Shield, and AshaLA, have completed this together. Now, the higher

Page: 85

 confident that the **Aquafereion** Shield is able to hold enough frequency that you would

Page: 86

 war with the **Aquafereion** Races. And they're attempting to take the whole thing. And

Page: 105

 because of the **Aquafereion** Shield Cycle that we are in and just finished What

Page: 106

 was that the **Aquafereion** needed help. They couldn't have done this by themselves and

 made by the **Aquafereion** Shield that is on Earth as to what part and
